Phil Tourney, a survivor of the USS Liberty attack and **Dave Gahary**, a US naval submarine veteran will present plans for a new movie about the attack upon the USS Liberty on June 8, 1967. They will also recount the history they recorded in their book, *Erasing The Liberty*. Every American needs to know about this event to understand the times in which we presently live.

Christopher Bollyn, international investigative journalist, now living in Sweden, will expose the enveloping Zionist influence in the events of 9/11/01 from his two book set, *Solving 9-11: The Deception that Changed the World and Solving 9-11: The Original Articles and his third book; The War On Terror: The Plot to Rule the Middle East*.

His research reveals the names of known Zionist that were and remain in all required positions to destroy the World Trade Center, destroy the evidence, prevent an investigation, and propagate and perpetuate a false narrative about how it happened.

Mickey Paoletta of Mortgage Defense Systems, Mechanicsburg, Pennsylvania is an expert coach and adviser for fighting mortgage foreclosures, and credit card debt, in court on the basis of the inherent fraud in the monetary and banking systems, including the rampant use of forged mortgage documents by banking, lending companies, and the legal community.

Mark Anderson, of Stop the Presses News, will speak on the "Global Cities" agenda being used by globalist to bypass the constitutional laws of nations.

Mark will also talk about the need to pressure local and state police to make and publish full unredacted crime reports on all "mass shootings" like Sandy Hook, and Douglas High School, and now Santa Fe High School, especially when used by others to alter and infringe upon 2nd Amendment.

John Stadtmiller, of Republic Broadcasting Network (RBN) in Austin, will also speak about the need to support real journalism and real media and the anti-American influence of the mainstream media.
